

SAID IN CYPRESS

By Newsy

We were glad to publish John Phillips' "I Rise to Remark" column last week. It settled, once and for all we think, an argument which has often resulted in the Enterprise being called a partisan newspaper because it published a column written by a Republican congressman.

In his words, to refresh a week-old memory, "The weekly letter was started at the request of the editor of one of the county papers. Several things had happened on the floor of the assembly which were reported by the news service without the background which, as a very green assemblyman, I thought more interesting than the bare news item. I wrote that in a personal letter to the editor-friend. It happened another week. His reply to my second letter was . . . You've made yourself a job."

We should worry that Phillips' should live so long to represent the twenty-second district through his terms in the state assembly and then the United States congress through nineteen years! Orange county will lose Congressman Phillips after the next election when the state will be redistricted. And Cypress Enterprise readers will lose "I Rise to Remark."

Members of the Cypress Women's Community club faced a difficult decision at their last meeting. Which brings us to a project never discussed in these columns—only hinted at from time to time in news releases concerning the club.

The club has appointed three members, taken usually in alphabetical rotation, to visit the old men's ward of the Orange county hospital each month. On these visits over a period of several years, tobacco and some sort of sweets and fruits have been distributed, with the women stopping to chat with each patient.

It has never been our privilege to be a visitor on one of these occasions, the visiting day having been Wednesday, a very busy one in newspapering. But we know from reports of the members, especially Mrs. Emily Fernandez who now lives in Whittier, that the pleasure and interest displayed by the patients in the ward could never be measured in words. For many of the old men, these visits were the only they ever received. The project was a particular pet with Mrs. Fernandez.

The club will do just as much good in the community by buying glasses and furnishing dental care to children in the schools who could not otherwise afford them. But it is with somewhat of a twinge that they discontinue an effort which they know has brought joy and happiness down through the years to some of Orange county's "forgotten men."

About all the news our ad man, Gene Wilkerson, could get out of people around here this week was, "it rained." He thinks Cypress people are great, and we thank all you nice people who received him so cordially.

Hold Koeppen Rites Today

Funeral services are being held today for Louis F. Koeppen, who died Wednesday morning at his home, 8821 Walker st. The Rev. E. F. Plug will conduct the rites from the Back, Campbell and Kaulbar's chapel in Anaheim.

A member of the Zion Lutheran church, Mr. Koeppen has long been identified with this community and will be remembered as owner of a hardware store in Stanton, and in Cypress before that. His son, of the Stanton store, formerly owned "Koeppen's drug sundries" which is now Henry's drugs.

Surviving also besides his son Elmer H. are his widow, Alvia M., a daughter, Mrs. Leona Moorehead of Hillside, Maryland, a sister in Minnesota and three grandchildren.

P.T.A. VOTES APPROVAL JR. HIGH SCHOOL

GOLDEN SPIKE DRIVEN—Old "Engine 41" and its string of plush parlor cars of the narrow gauge era are again in service—on a three-quarter mile track at Knott's Ghost town. Impressive ceremonies Saturday featured driving of the golden spike which dedicated the completion of the "Ghost Town & Calico" road.

Move Library To New Site

Mrs. R. O. King is announcing the opening about February first of the Cypress branch of the Orange county free library in its new quarters at 5541 Lincoln Ave. The library is presently situated in the building across the street.

An improvement over the old site, there is more shelving space, the room is larger and will be much more attractive. Mrs. King states that new and old patrons will be welcomed into the remodeled and completely redecorated, pleasant library. She urges residents to come and register.

Make Changes In Bus Trips

Paul Diefenbach, manager of the West Orange Transit company, announces change in the bus schedule. The eight p.m. schedule leaving Long Beach for Cypress and Knott's will be taken off. This will affect the 8:50 p.m. bus in Cypress east bound and the 9:25 p.m. bus here going west.

For the present, patrons of the bus line are asked to arrange their trips according to the new schedule. Diefenbach states that the company plans to reinstate this service when warmer weather arrives and summer traffic picks up, about April.

HOME FROM HOSPITAL

William Cowen, 5612 Nelson st., an oilfield worker, met with a serious accident last week. Working as a machinist on a pipe machine he had the inside of his right hand cut across the palm just below the thumb. The tendons had to be grafted back into the fingers, and as the back of the hand was not cut it is hoped the hand will heal in good shape.

Cowen will be laid up for about three months, and was released from Community hospital in Long Beach Sunday.

OPENS BEAUTY SHOP

Mrs. Bonnie Chambers will occupy the rear part of the building into which Fred Walley recently moved his barber shop.

Her beauty shop will attract a host of friends, since she is not new to Cypress.

Gregg's Will Celebrate Anniversary

Gregg's Super Market, 5941 E. Lincoln, is celebrating its third birthday this weekend with a four day anniversary sale.

The event will be climaxed Monday night by a drawing which features 16 prizes to be given away. Tickets on the drawing will be issued all week up to 6 p. m. Monday night when the gifts will be presented.

Other special activities include free coffee and cake on Saturday and a free demonstration of MCP orange juice and MCP lemonade.

Mr. and Mrs. M. R. Gregg, owners, first opened a store in Cypress six years ago. It was located on Lincoln ave., across from where the Triangle drive-in now stands. In January, 1949, they moved into half of the quarters their present store occupies, and in September of 1949, the store was enlarged to twice the original size.

The sale will be on from January 18 through 21.

CARTER BABY SERVICES TODAY

Born January tenth, the infant son of Mr. and Mrs. Charles Carter lived only two days. Services will be held today from a chapel in Santa Ana. He had been named Michael LeRoy and died in Orange county hospital where he was born.

Maternal grandparents are Mr. and Mrs. David Logan, 8752 Cypress avenue. Mrs. Carter is the former Patti Jo Logan.

Dan Patch Talks On Civil Defense

Dan Patch, coordinator for civil defense in Orange county, spoke to the Cypress Kiwanis club Monday night on the work being done in the county on the civil defense movement.

He complimented Cypress on being one of the leading civil defense areas in the county. He especially congratulated the medical group, headed by Dr. M. H. Damron, because it had the highest percentage turnout in the recent immunization program.

Patch outlined the organization that has already taken place in civil defense, and the work that is currently being done. He told of new classes being organized in nursing, recruiting for radio monitoring and Geiger counter training which will be underway soon.

Guests at the meeting were Geo. Ogata, Jack Weller and John Renema.

The program chairman was Haskell Kelley and group singing was under the direction of the Rev. Wm. Howard, accompanied by Miss Alene Rogers.

EXCELSIOR ADDS LAB TECHNICIAN TO STAFF

DR. TODAR KASANDJIEV

The Excelsior Creamery Company has recently added to the laboratory control staff, Dr. Todar Kasandjiev.

Dr. Kasandjiev is a native of Bulgaria and prior to Russian occupation of Bulgaria was sent by the national government to the Agricultural University in Munich, Germany, to attain his doctor's degree in agriculture. While studying at the university, which was located in the western zone of Germany, Russia occupied Bulgaria. Upon completion of his doctor's degree, and not wanting to return to Russian occupied Bulgaria, Dr. Kasandjiev took the position of assistant director of the Dairy Institute of Weihenstephan, Germany, the largest dairy institute in Germany. He held this position for the last three years and during this same period he was owner and manager of the Rila yogurt and yeast factory.

Dr. Kasandjiev came to the United States as a refugee.

Members of the Parent-Teachers' association of Cypress elementary school went on record at the Thursday night monthly meeting for January as favoring the building of a Junior high school in this area. Dan Mackay, clerk of the board of trustees, reviewed the events leading up to the formation of two junior high schools in the Anaheim Union high school district.

He stated that advice from the state indicated a site south of Lincoln avenue, west of Holder road, north of Cerritos and east of Walker street to serve students in the west part of the district. A resume of the discussion will be found in separate articles of the Enterprise.

Instead of the proverbial home talent show sponsored by the association the past few years, the group will serve a dinner this year in order to earn money.

DALE VANDIVORT REOPENS TAX OFFICE

Dale Vandivort has reopened the business office formerly occupied by Phil McLaughlin at 5302 Lincoln avenue. Vandivort, a resident of Whittier, will welcome his own patrons as well as those who consulted Mr. McLaughlin.

A licensed public accountant, Vandivort has been associated with a CPA firm in Whittier for the past three years. He is married and the couple are parents of a four-months' old baby boy.

Allen Wins At Speech Club

Choosing to speak on the subject, "Stalin, you can't win", Preston Allen, 8671 Walker street, won himself a trophy at the Bellflower Toastmaster's club Tuesday night. One of the opponents was the group's president!

Allen may keep the trophy a week, and also a tape recorder. He will again have the privilege of being one of the speakers on "Ladies' night." The winner on this night advances to district and so on up until the final winner is sent to Chicago to compete in a national contest.

NEW MANAGERS AT WESTERN AUTO

New managers have taken over the Cypress Western Auto store, it was announced this week by Ernie Johnson, owner.

Mr. and Mrs. Jack Weller are taking over from Walt James, manager for the past year. James has not indicated what his immediate plans will be.

The Wellers now live in Lake-wood, but hope to move here soon. Weller has been in the auto supply business in Long Beach prior to coming here.

COLORADANS VISIT

Mr. and Mrs. Elza Owen of La Junta, Colorado, are visiting in the Ernest Hazlett home at 8351 Moody street. Mrs. Owen and Mrs. Hazlett's mother, Mrs. Virginia Quast, are sisters.

The Owen's own an alabaster mine and are engaged in the manufacture of lamps.

THIS MEANS US

Professional city planners, traffic experts, physicians specializing in nervous troubles that result from the jostling of great crowds and discordant din, and other scientific people have struggled manfully these late years to make big-city life more endurable. But now the afflicted laymen in the case, Mr. and Mrs. John Q. Citizen and family, are acting on a new solution of their own. They are, in rapidly increasing numbers, simply getting the heck out of the cities and hieing themselves to areas where peace, quiet and relaxation prevail.

Over the last decade, reports the National Industrial Conference Board of New York, the population growth around Los Angeles was 2½ times that of the metropolitan area proper! San Deigo's suburbs jumped 150 per cent in population—against the city's 60 per cent. San Francisco's and Oakland's suburbs more than doubled, Seattle's nearly doubled—and so on generally, it seems, over the country.

Very evidently, too, according to that survey, the rush to the suburbs is proving an impetus to the Nation's economy. The researchers find it is bringing such changes as decentralization of shopping facilities, more small independent stores, more branches of down town retail stores, demand for more autos, need for different types of clothing, new markets for garden supplies and outdoor living facilities. The trend also is creating some new problems in municipal financing and increased demands for police protection, hospitals, schools, churches, libraries and other services.

All in all, the situation would seem healthy and beneficial for most people concerned—save Lo, the poor Indian. His last hope is gone. Instead of giving the country back to him, his conquerors are going back to it themselves.

—Calif. Feature Service

I RISE TO REMARK

By JOHN PHILLIPS

The reason, as I said in last weeks' letter, for an increase in the California delegation, effective this year, was of course the increase in our population. California will have 32 Congressmen in January 1953; two Senators and 30 Representatives. The 30 Representatives, old and new, will all run for office in the primaries and the November elections, and Senator Knowland is up for re-election.

This leads to the statement that the increase in population has influenced other things in California. When I was in the State Legislature, we were primarily an agricultural state. We were increasing industrial production rapidly. This increase was stimulated by the war industries, particularly plane production. It has been sustained since the war and has put us in the top rank of industrial states.

If anyone had the time to read the figures put out by the Bureau of the Census in the Department of Commerce, the information would show the changes, the history and the future possibilities of California.

I have just received, from Roy Peel, the Director of the Census, a special memorandum on the agricultural changes in the 2nd District, between 1945 and 1950. These will not be published in any other form, nor released direct to the papers. I think some of them are interesting enough to put in this weekly letter.

The number of farms has decreased from 13,662 to 13,265. This is a small change, but when I was in the State Senate, the trend was the other way; the large farms were being broken into smaller farms and the results showed in the census figures. The average number of acres in each farm has

changed very little, from 114 in 1945 to 127 in 1950. It amuses me to hear the New York and Chicago windowbox farmers talk about the "big industrial farms" of California. We do have small farms, for some commodities, and large acreages for grain and vegetables, and necessarily for cattle, but I suspect we would find the same variation in most states. The 1950 average for Kansas, for example, was 370 acres.

The total acreage increased from 1,558,513 to 1,695,472. The average value of land and buildings increased from \$410,619,658 to \$785,401,051 and I have been trying to translate that increase in farm value into a comparable figure, based on a dropping dollar. The 1945 dollar was worth 78½ cents, compared with the customary base (1934-39) and the 1951 dollar was worth 56½ cents. This is buying value to the consumer. It may interest you to know that the December 1951 dollar, under present administration policy, had dropped to 53.4 cents. So that means the dollar drop would have increased farm values to about \$575 million. The increase to \$785 million may mean, in part, a normal

Champion Hog Caller

Tax Burden Breaks Record

Record-high tax burden typified 1951 for the people of Orange county, with a tax bill estimated at

increase in values, or it may mean changes in commodities have increased some values, or it may be an illustration of the known fact that once values start skidding, even a little, they are hard to control. Anyway, our farm values are up 50% on a comparable basis.

81.8% of our farms have electricity, as compared with 78.9% in 1945 and this is high, against the national average. Most of the farms have tractors.

The value of all farm products sold was \$185,065,547 as compared with \$158,795,019 in 1945. This is more nearly comparable with the dollar drop. The value of crops remained almost stationary, but the value of fruits and nuts dropped from \$72,674,304 to \$50,016,307, while the value of livestock and livestock products increased from \$22,839,075 to \$49,718,425.

\$134,755,000 for 1950-51, California Taxpayers' association said today. Over-all per capita tax burden for the year averaged \$587 for the

Mr. and Mrs. James McCoy, 8861 Hoffman st., have as guests Mrs. McCoy's parents, Mr. and Mrs. J. W. Gwinn, of Burkesville, Kentucky. He has been ill for some time, having undergone a serious operation a short time ago.

George Clark, familiar figure in Cypress, was taken to the Orange county hospital this week. It is hoped that he will make a quick recovery and be back soon.

people in the county.

A share of federal imposts estimated at \$88,913,000, of state revenues estimated at \$24,683,000, and a local government property tax levy countywide of \$21,159,447, add up to the tax burden of at least \$134,755,000 for fiscal 1951 for the people of the county.

The county's share of federal and state taxes are estimated on a population basis.

Property taxes are only one form of local imposts, the association said, pointing out that sales taxes and business licenses and taxes are also imposed, as are fines, fees, and forfeitures. The county figure includes levies for city, school districts, and special district, as well as county purposes.

Statewide, the federal tax bill, including customs duties, reached \$4,203,700,000—an all-time high. State taxes for fiscal 1951 are estimated at \$1,167,000,000. Local property tax levies throughout the State were \$798,241,231. Total \$6,168,941,000, an average \$568 per capita.

"Any cut in taxes means dollars left in the pockets of the people," the association said.

WALT JELEN HITS 209 IN BOWLING FOR VFW NO. 3

Walt Jelen had a hot night Friday as he hit a 209 single game and a 496 series in the handicap league.

But it wasn't enough to pull the match out of the fire and his VFW No. 3 mates lost a 3-1 tilt to Lallier's of Buena Park. Bill Rogers was second high for the locals with a 161.

The VFW No. 2 keggers dropped four to Buena Real estate in the same league, with Johnny Johnson high with a 167.

Another losing team from Cypress was the Enterprise as Nutrilite took them for a 3-1 trimming. Dale Kroesen had a 174, but was topped by Jeff Jeffrey's 195 in the last frame.

INJURES HAND

It all started when they bought their small son a sled for Christmas. Mr. and Mrs. Leslie Davis wanted to "try it out", so the family drove to the snow.

The automobile was not nearly so cooperative in the hazardous driving, and the wheel gave an unexpected twirl, causing "Top" to break some bones in his right hand.

He claims the contraption which is holding the fingers in place doesn't annoy him too much, except in writing. But then, after all, the Davis brothers still have "Mutt" in their garage who is probably doing most of the work these days.

School Officials Consider Junior High This Vicinity

(This is the first of a series of two articles which sets forth the information given at the January meeting of the Parent-Teachers' association of the Cypress elementary school, at which it was voted to approve the establishment of a junior high school for this section in the Anaheim Union high school district.—Editor's note)

In speaking before members of the P.T.A. Thursday evening, Dan Mackay, clerk of the local board of trustees, reviewed the long and bitter struggle the elementary school boards in the Anaheim district have waged to keep their identity without unification of the district.

Some of the members of the boards in the elementary schools in the west part of the district were set against unification. They did not want to lose control of their schools. Under the reorganization plan, there would be one school board, consisting of seven members. Cypress would be allowed only one member. All schools would share in the funds. Junior high schools are part of the high school district but not of the elementary school.

On January 29, 1951, the Committee on School District Organization met at the Katella school to continue discussion of unification of Anaheim Union high school district with the eight elementary school districts included within the Anaheim high school district boundaries. At the meeting Cypress and Katella again led the opposition to unification. After bitter debate it was decided to drop unification.

The meeting adjourned and the school trustees present met immediately to discuss the possibilities of establishing junior high schools. It was thought best to follow the recommendations outlined in a letter from the State Department of Education. The state had just completed a survey of the entire Anaheim high school district.

The state recommended that sites be purchased for two schools. One in Anaheim, near Lemon and South streets, and one in Cypress. The Cypress site for a school to serve the western part of the district to be located south of Lincoln ave., east of Walker st., north of Cerritos and west of Holder road. The state advised prompt action in acquiring sites.

There are two ways, Mackay said, to establish junior high schools. Section 8752 of the Education Code provides that the board of trustees of a high school district

may establish a junior high school or a system of junior high schools . . . when a majority of the boards of trustees of the elementary districts comprising the high school district approve of the organization of the course in writing, and file a statement of approval with the high school board, or

"Liquid Sunshine" Dampens Crowd As Knott's Dedicate Old Railway

Movie stars, railway executives and dignitaries from all over the west coast mingled with the thousands of Southern natives who braved a light rain Saturday to dedicate the famous narrow gauge railway recently put into operation at Knott's Berry Farm.

Actress Laura Elliott, who stars with Sterling Hayden in the Nat Holt-Paramount picture production, "The Denver & Rio Grande" broke a bottle of champagne over the front of historic "Engine 41". Shortly after, the train made its maiden run on the 3/4 mile track. Hayden drove the golden spike which dedicated the "Ghost Town and Calico" line, the only narrow gauge railway operating in the country today.

Affair Televised

The event was well attended and television and movie cameras as

at an election called for the purpose . . .

Each of the various school districts would support the schools by paying into the operating fund of the high school the actual cost of educating the pupil in the elementary school.

The Anaheim school board sent a letter asking if the elementary school boards would approve, in writing, the formation of two junior high schools. All eight schools answered in the affirmative by April 17 of last year.

well as radio microphones reported it to additional thousands.

Principal speaker was Carlton Sills, manager of publicity and advertising of the Denver and Rio Grande Western railroad, who remarked that: "At long last the Denver and Rio Grande has a Southern California branch."

Former Run

The engine and four coaches were originally purchased by Walter Knott from the D. and R. G. For many years it ran on the 47-mile-long Silverton-Durango branch line out of Durango, Colo.

Knott explained that he did not want to preserve the train as a relic of the past only for people to look at, admire and compare with the present-day trains. He said he wanted a "live train" that people could ride and see in actual operation.

HERE'S WHERE YOUR COUNTY TAXES WENT!

Apportionment of \$8,491,097.45 from 1951-52 taxes, representing 41 per cent of the total Orange county tax bill for the fiscal year, was announced today by County Auditor L. H. Eckel. Nearly half, or \$4,099,923.53 went to schools, and \$2,104,890 to county government departments.

The harbor district got \$51,895.96, the county sanitation districts \$102,103.62, sanitary districts

\$135,722.66.

Fairview county water district was apportioned \$12,351.12 and the South Coast county water district \$29,028.67. Orange County Municipal Water district received \$35,220.15, and Orange County Water district \$103,348.03.

PASSING IN THIRD LANE

Engineers designed three lane highways to permit passing, according to the National Automobile Club. When careless motorists, however, swing out into the center lane without keeping a watchful eye on oncoming traffic, passing in the third lane can have results never planned by the engineers.

Sixth Grade
Visits Daily
Print PlantBy Billy Essex and
Jay Lowder, 6-A

Students of Mrs. Arnold's sixth grade visited the Long Beach Press-Telegram, Friday, January 4. They left Cypress at nine o'clock in Mr. Ter Beest's bus and got back at 11:00 a.m. They went to the main office where they met Mr. John Larsen, who was their guide. From there the class went to the editorial room on the third floor.

Mr. Larsen introduced Mrs. Vera Williams, who pointed out the city editor and his assistants. She told the class about the departments and showed them around the table where the reporters were sitting, writing up their stories for the afternoon edition of the paper.

From the news room, the group went into the teletype room and linotype room and saw twenty-four big linotype machines, most of them at work. In the composing room the students saw galley trays with type in them. They went through the stereotype room and morgue or library where they keep files of the cuts of people whose pictures have been in the paper. These files go back to the very first paper published at the Long Beach Press-Telegram.

The students got to the press room just in time to see the presses running off the 10:00 o'clock edition. In the mail room, the class saw the wire machines at work tying bundles for the street sales. They returned to the press room where Mr. Larsen answered the questions asked by the students. It was a very educational trip and the students appreciated Mr. Larsen answering all the questions.

The class also wishes to thank

Start Jan. 21
At School

Miss Elizabeth Dickerson, school superintendent, announces the parent-teacher conferences will be held again this year, from January 21 to February 1, with report cards going out February 13. A normal school schedule will be resumed February 4.

Designed as a method of reporting to the parent by the teacher, in order to run them through, it is necessary to run a minimum day of school as required by the state.

Primary grades will have classes until 12:30. Upper grades will have classes until 1:30 p.m. Although the child is getting out early for ten days, Miss Dickerson says the teachers are working for the child's good in asking that the parent come to the school.

Grades 1, 2, and 3 will not be served lunch, and fruit for a mid-morning snack to be brought in

Mr. Ter Beest for his help on the trip.

MARCH OF DIMES
CAMPAIGN ON
IN LOCAL GRADES

The March of Dimes campaign is on. The county schools' office has given enough folders to the school for each child.

The drive starts Monday, January 21 and will continue through February first.

The joint installation for Rebekahs and Odd Fellows has been canceled. The Rebekahs will install their officers as planned January 29.

suggested. Grades 4, 5, 6, 7, and 8 will have lunch at their regular time. Kindergarten runs a normal schedule.

"Pole stubbers" at work: Inspection has revealed a pole which shows damage at the ground line. Now, reinforced with a short length, it will be strong as new, and we'll have saved much of the cost of a new pole.

LINE PATROL

How we stop telephone trouble—before it starts!

"Will it work when I want it?"—that's perhaps the most important thing you want to know about your telephone. That's what we want to be sure of, too. And that's why repairmen, testers, inspectors and many other telephone specialists are constantly at work to make sure your calls go through. The

term we use is preventive maintenance. And it simply means testing and inspecting thousands of miles of lines and cables, and checking switching equipment constantly—on foot, in trucks and electronically—to find and fix any part of our complex system which might cause future trouble.

"Trouble detective": If our electronic testing equipment spots possible line trouble, his testing devices locate the difficulty—and a repair crew is dispatched to stop the trouble before it can interrupt your service. All over our system, we are alert, 'round the clock, to make sure you'll have the world's most dependable telephone service.

**Your telephone is one of
today's best bargains**

Few of the things you use in your daily life have gone up less, in these inflationary times, than the rates for telephone service. Even though our costs of providing service have skyrocketed, your telephone calls remain one of today's best buys.

GIVE SHOWER FOR MRS. KELLEY

A group of friends met at the Ed Robinson home last Wednesday night at 7:30, then proceeded to surprise Mrs. Gene Kelley in her home with a personal shower, when it was learned she had sufficient articles for her baby's layette.

Hostesses with Mrs. Robinson were Mrs. James Broadbelt and Mrs. Charles Sanders.

Present in addition to those mentioned were Mmes George Konig, W. J. McCoid, Don Bernhart, H. A. Kelley, A. E. Arnold, Earl Essex, Vic Sherron, Dorothy Denny, Don von Trotha, Elmer Corby, and M. R. "Bob" Jensen.

Funeral services were held for the mother of Mrs. Martha Zwart Saturday. Mrs. Martje TerMaaten died January 8 at her home, 17927 Arline avenue in Artesia.

Mrs. Lukens Has Pot Luck

Mrs. Dorothy Lukens was hostess to members of the Junior Women's club at their monthly pot luck luncheon in her home at 8732 Belmont recently.

Mrs. Norville Chapman, their president, won the mystery prize.

Present at the enjoyable affair also were Mmes. Howard Minnick, James Palmer, Glenn Miser, Melvin Wier, Joseph Penkunas, Lawrence Gaylord and Enid Lester.

GET-TO-GETHER AT GOODMAN'S

One of the popular informal get-togethers enjoyed by members of the Cypress VFW Post No. 9847 and its auxiliary was given by Mr. and Mrs. E. E. Goodman Saturday night in their home at 8742 Cypress avenue.

Mrs. Goodman served a late buffet to Mr. and Mrs. Henry Muesse, Mr. and Mrs. Lee Shear, Mr. and Mrs. Ray Lucas, Mrs. Castella Rogers, Mrs. A. R. Muesse and Dale Kroesen.

GROUP STUDIES IN ALLEN HOME

Mrs. Preston Allen, president of the Garnet Howard chapter of the Women's Foreign Missionary society of the Cypress Church of the Nazarene, was hostess to members at their meeting Monday evening.

Mrs. W. D. Howard, study superintendent, reviewed a chapter from the current book on missions which described the countries in South America which the missionaries travel.

At the close of the meeting Mrs. Allen and Mrs. Dave Bock, co-hostess, served apple pie topped with cheese and tea and coffee.

MRS. N. CHAPMAN HAS G. S. LEADERS

Mrs. Norville Chapman was hostess Wednesday morning to a "Neighborhood meeting." Girl Scout leaders in this area gathered at ten o'clock.

Plans were made for the annual cookie sale which begins the first of February and for the district-wide "Fiesta" to be held in March.

NEW EGG CLEANER BEING DISPLAYED

Ralph Thomas has installed a new "magic automatic egg cleaner." A device which works mechanically to do the job formerly done by hand, it has reduced by about one-third the time usually taken to perform the task each day. Mrs. Thomas, who helps her husband, estimates she has about two hours extra time each afternoon over the old method.

Thomas is inviting poultrymen in this area to visit his ranch and see the magic automatic egg cleaner in operation.

Ray Edwards, 5412 Camp St., is confined at home suffering from a serious illness. He was forced to give up work in his delicatessen store in Long Beach. He is allowed to sit up one-half hour each day this week, and the time may be extended to an hour next week if he continues to improve.

"Don't forget to mention cigar ashes on the floor!"

Local Topics

Guests in the home of Mr. and Mrs. Phil Bischof, 5421 Camp st., have been her aunt, Mrs. Lafrowda Kent of Ely, Minnesota, and Mr. and Mrs. Herbert Prowse of Butte, Montana, a brother and sister-in-law.

Jack DeVries, 5392 La Palma street, was recently installed president of the Norwalk Kiwanis club at the 20th anniversary and ladies night meeting held in the Norwalk Women's clubhouse.

C. E. Swain, 5362 Crescent st., escaped serious injury when his car over-turned three times after a collision with a car driven by Joyce E. Wedel of Orange. The accident occurred at the intersection of Carmenita road and Manchester. Both cars were badly smashed.

Rick Townswick and Ed Hermanson drove to San Diego Sunday to visit with a nephew who is stationed there with the U. S. navy. They made a wide swing on the homeward journey to include Las Vegas, traveling over the famous seashore to desert freeway.

Orange county planning commission postponed for a week making a decision on the petition of the Faith Tabernacle to build a church on Walker st., north of Orange, according to the Rev. Clarence G. Eigenhuis, pastor.

Twins, a boy and a girl, were born to Mr. and Mrs. Gene Burt of Los Angeles, brother-in-law and sister of James Broadbelt, 5561 Vonnie Lane. The Broadbelts were grieved four days later to hear of the death of the little boy.

Mrs. Frazier Shower Honoree

Mrs. Wallace Fraizer of Melrose Avenue was surprised, when she attended a gathering of the VFW Auxiliary of Cypress on Wednesday evening, to find that it was really a party complimenting her on her recent marriage.

Responsible for the event were Mrs. E. E. Goodman, Mrs. Don Webeking, Mrs. Ray Lucas and Mrs. Ted Priddy.

Many gifts were presented to Mrs. Frazier in a clothes hamper, itself one of her presents. "Honey-moon bridge" was enjoyed, with prizes being awarded to Miss Bernadine Stempel, Mmes. H. J. G. Kreissler, Frank Buzzo, Priddy and Wedeking with low prize going to Mrs. C. R. Rogers.

The party took place in the home of the honoree's mother, Mrs. Milam A. Williams, 8762 Western Ave. Fruit gelatine, gingerbread with whipped cream and hot beverages were served buffet style by the hostess quartette.

Included in the group, in addition to those mentioned, were Mrs. Edgar Davies of Anaheim, sister of Mrs. Frazier; Mmes Evan Pugh, Burt Kroesen, Tom Demiris, Frank Williams, Merle Jennings, Charles Daniel, Leon Sewell, A. H. Stempel, Miss Beth Kroesen and Mrs. Williams.

DOUBLE BAPTISMAL RITES AT ST. PIUS V CURCH

An unusual double baptismal service was held on Sunday at St. Pius V church, when Timothy John, little son of Mr. and Mrs. Lawrence Smith, was christened with Mr. and Mrs. George Holetz of Cypress as God-parents, and Patricia Marie Holetz was christened with the Smiths as God-parent. There are 9 days difference in the ages of the babies. Father Frederick Kass officiated in the

INSTALLATION BREAKFAST AT CHURCH OF ST. PIUS V

The Holy Name Society of Catholic laymen enjoyed their monthly breakfast on January 13 in the Parish Hall. As their new officers and those of the Altar society were all being installed, the members of the latter group were invited to join them for the delicious meal, which was served on beautifully decorated tables. There were several good speakers.

Officers installed for the Holy Name Society were Jack Betten-court, president; Theron J. Purdy, vice-president; William Ankersen, secretary; Ralph Cassill, treasurer and eLo Halter, marshal. Installed to serve the Altar society were Mary Heavrin, president; Ruth McLaughlin, vice-president; Catherine Sanders, secretary; Emma Ankersen, treasurer. Rev. Father Frederick Kass was the installing officer.

flower decked church. Following the ceremony, the Holetz family were guests of the Smiths in their home, 6172 Mission St., at luncheon.
